5.0. VARIANCE PROCEDURES

5.1. Variance. It is the intent of the drafters of these Rules and Regulations to create a flexible system for the protection of the Owners of Lots. It is anticipated that there may be situations which arise in which the characteristics of a Lot, the existence of alternatives, or the unfairness of the strict technical rule or regulation may demonstrate a need to vary the Rules and Regulations. In such circumstances, the Board, in its discretion, may approve alternative proposals, which are as compliant with the Rules and Regulations as possible, but which acknowledge the unique circumstances to be addressed, if the Board or its agent or committee, in its discretion, determines that a variance is appropriate, that the variance is not in conflict with the general community interest of the Property, that the granting of the variance will not be materially detrimental to the neighboring property Owners; and that the granting of the variance does not appear to be contrary to the general goals and policies of the Governing Documents.

5.3. Variance-Not a Waiver. The granting of a variance of an Owner is not to be construed as a waiver for other Owners.

6.0. RENTAL/LEASE RULES

6.1. Informed Tenants. Tenants shall be made aware the requirements of the Covenants and Restrictions and the Rules and Regulations and leases shall be subject to the same.

6.2. Lease or Rental Terms. No lease or rental of a Lot shall be for a term less than thirty (30) days. All lease and rental agreements shall be in writing, a copy of which shall be

delivered to the Board prior to the Lot being leased. Any lease or rental agreement must provide that its terms shall be subject in all respects to the provisions of the AMENDED DECLARATION, BYLAWS AND THE RULES AND REGULATIONS OF THE ASSOCIATION as well as other terms set forth herein.

6.3. Entire Lot. No lease or rental of a Lot may be of less than the entire Lot except as part of the operation of a single-family residence including but not limited to housekeepers, exchange students, nannies, family members or security.

6.4. Tenant's Failure to Comply. All leases for any Lot must provide that any failure by the tenant to comply with the terms of the Governing Documents of the Association shall be a default under the lease or rental agreement. Any failure by a tenant to comply with the terms of the Governing Documents shall constitute a failure in compliance by the Owner and the Lot Owner shall take all action to enforce the terms of the lease or rental agreement and hereby grants to the Board or its managing agent the authority to enforce the terms of such lease or rental agreement; if any lease does not contain the foregoing provisions, such provisions shall nevertheless be deemed to be a part of the lease and binding upon the Lot Owner and the tenant by reason of their being stated in these Rules and Regulations.

6.5. Termination of Agreement. Should the Board bring action to terminate the lease/rental agreement, the Owner shall be jointly and severally liable with the tenant for all attorneys' fees and court costs incurred by the Board; and a provision regarding attorneys' fees being the responsibility of the Lessee and Owner shall be included in any "such lease".

6.6. Use of Common Amenities. During the period of time a Lot Owner has entered into a lease/rental agreement, the Lot Owner releases his/her rights to use of common amenities to the tenant unless use of the amenities is specifically assigned to the Owner in the lease. If assigned to the Owner, tenant shall forfeit use of amenities.

7.0. SUBMITTAL AND APPROVAL PROCEDURE

7.1. General Requirements. All reference to "submitted and approved" or similar language requires an Owner to follow these specific procedures. This procedure shall be completed before commencement of any and all improvements to Owner's Lot.

7.2. Delivery of Information. The Owner of a Lot to be improved shall make an application by delivering plans and specifications showing the nature, kind, shape, color, size, materials and location of all intended improvements (including, but not limited to, plans related to landscaping, parking, signage, building design and materials, use, operations and possible hazardous activities) to the Board, or to other persons or committees, if specified by the Board. Additional information may also be required by the Board or by other references found in the text of the Governing Documents. The Board or person or committee shall determine when the application is complete.

7.3. Payment of Review Fee. The Owner shall also deliver with the plans a non-refundable and reasonable review fee at amounts specified by the Board. The Board shall have sole responsibility for setting a reasonable fee. The Board may waive or adjust the fee for low cost improvements.

7.4. Action After Review. The Board or person or committee delegated the responsibility to approve the application shall approve, disapprove, or conditionally approve each application. It shall be the objective of the approval process to insure that consistent design, style and quality, consistent with the Governing Documents applies to all construction on each Lot. Therefore, the review process shall provide for broad discretion in the Board, person or committee delegated the responsibility of review and approval to enforce these standards. The review process shall be final and binding and is not subject to review by any other forum or process. A specific prohibition does not limit the latitude of the review process to impose further conditions in order to maintain consistent design, style and quality of construction within the Project.

7.4.1. Approval must be expressed in writing within ten (10) days of submittal of a completed application, unless an extension of time is granted by the Board. All approvals shall be noted in the records of the Association or other log for that specific purpose.

7.4.2. Conditional approval of an application shall be made in writing, signed by a corporate officer or the Board's authorized agent. The approval shall specify in writing the conditions that need to be completed prior to occupancy. Specification of conditions does not relieve Owner of all other requirements of the Governing Documents and/or Rules and Regulations.

7.4.3. Disapproval of an application shall be made in writing, signed by a corporate officer or the Board's authorized agent. The signing individual will specify the reasons for disapproval and may suggest alternatives. The Owner may reapply with an amended application, following the same procedure as the original application.

7.5. Appeal. If an Owner contests the disapproval or conditional approval of the application or if another property Owner contests the approval of the application, then either or both may appeal the determination.

7.5.1. The appeal process is commenced by serving written notice of appeal and a non-refundable appeal fee of Five Hundred Dollars (\$500), or the current reasonable fee for five (5) hours of attorney's fees, whichever is greater, as determined by the Board, upon the Secretary of the Board.

7.5.2. Said notice shall be delivered within twenty (20) days of the date of the contested determination. Notice shall be deemed delivered within five (5) days of being mailed to the Secretary's address by certified mail with return receipt requested.

7.5.3. The Appeal process shall be made in accordance with the Uniform Idaho Arbitration Act (Idaho Code Section 7-901 et seq.), or successor statute, but the panel of arbitrators (either one or three at the discretion of the Board) shall be appointed by the Board.

7.5.4. All costs associated with the appeal and arbitration shall be borne by the appealing party except attorney's fees, which shall be borne by the person or entity hiring the attorney, except in the event the appealing party is unsuccessful,

then the appealing party shall pay reasonable attorney's fees incurred by the Association.

7.6. Commencement of Construction after Approval. Commencement of construction or placement of improvements may occur at any time following the issuance of a building permit from an appropriate governmental agency and the approval of the application by the Board including the termination of the appeal period or completion of appeal if the Board upholds the approval. The Improvements must be completed in accordance with the approval application, the Amended Declaration and these Rules and Regulations. Approval of the application is not a guarantee or warranty of compliance with the Amended Declaration and/or these Rules and Regulations. Approval is only a guidance procedure. An Owner may not rely solely upon the application process for determination of compliance with the Amended Declaration or Rules and Regulations.

7.7. Submittal and Approval Procedure:

7.7.1. Board's Right to Delegate Review Process. The Association may delegate part or all of the responsibility for the review process to an authorized agent. Without such delegation the Board shall be solely responsible for approvals set forth in this review process.

7.7.2. Guide for Common Interpretations. The Board shall attempt to interpret the Amended Declaration, Bylaws and Rules and Regulations consistently giving the words their definitions appended, but strictly interpreting the words to enforce the purpose of the Amended Declaration. The Board may, in a separate minute book, tabulate and summarize interpretations and decisions as to approvals in order to encourage consistency. Future Board should review prior determinations in the attempt to keep interpretations consistent in the application of the Amended Declaration.

7.7.3. Conformity Certificate. Within sixty (60) days after written request has been delivered to the Secretary, the Board shall certify to its knowledge whether or not, at the date plans being proposed or all improvements on a Lot specified in the request comply with the Amended Declaration and these Rules and Regulations. The certificate shall, in recordable form, identify any Items of noncompliance. Any Lessee, purchaser or creditor, whether construction or personal; in good faith for value shall be entitled to rely on such certificate with respect to the matters set forth therein, such matters being conclusive as of that date.

7.7.4. No Liability. In consideration for providing the approval service to Owners, neither the Declarant nor the Association or authorized agent shall be liable for any damage/loss or prejudice suffered or claimed by any person on account of its approval or disapproval of any plans, drawings or specifications for the improvement of any Lot within the Subdivision or the construction of any improvement or the performance of any work. Approval or disapproval of any plans, drawings and specifications shall not be deemed a representation as to whether or not the proposed Improvement or work complies with applicable laws or whether or not it is in any way defective.

7.7.5. No Effect on Government Agencies. The Governing Documents have been drafted to assist Owners in the compliance with performance standards and zoning restrictions of the City; however, compliance with the Governing Documents does not guaranty compliance with appropriate governmental restrictions. The Governing Documents have no effect on the requirements of regulating governmental agencies. Owner must comply with both the restrictions imposed by governmental agencies and the Governing Document's restrictions; if mutual compliance is Impossible, then government restrictions shall prevail.

8.0 PROCEDURE FOR AMENDING ADMINISTRATIVE RULES & REGULATIONS

8.1. Proposed Rule or Regulation. Any proposed rule or regulation or amendment and a statement explaining the reasons supporting its adoption shall be made in writing and delivered to a member of the Board or proposed at a meeting of the Board.

The purpose of that hearing is not to vote on the issue, but rather to obtain information; however, if the chairperson so desires, a vote of those present may occur but the vote shall not be binding on the Board of Directors.

8.6. Results of Hearings. Following the hearing, and at a separate meeting of the Board, whether regular or special, the hearing Board shall explain the results of the hearing. The Board may accept, reject, or amend the proposed regulation by majority vote.
